Three women have now made serious allegations about Governor Andrew Cuomo's aggressive and inappropriate behavior towards women. Two concern recent behavior with colleagues in the workplace; the third took place at a recent social event. The details are shocking and unacceptable. Together they suggest that the governor may be unfit to continue to serve in office.

We support the calls for a full investigation led by an independent prosecutor with subpoena power. And we applaud the efforts of our representatives, particularly Senate Majority Leader Andrea Stewart-Cousins and Senator Alessandra Biaggi, who have bravely and consistently pushed to ensure that sexual harassment and abuse of power will not be tolerated any longer in Albany.
